

## **Friends of Arlington's Great Meadows**

Steering Committee

January 23, 2012

Present: David White, Mike Tabaczynski, Sandra Ruggiero, John Bartenstein, Don Miller

Minutes: The minutes of December 8, 2011 will be reviewed at the next meeting.  
Next Meeting: Monday, February 27, 2012.

Arlington Selectmen's Race: There are two openings in the Board of Selectmen, and the Town Manager has resigned.

The Lexington Land Stewards has grown greatly over the last ten years. They are now well set up to provide stewardship to AGM if they wish to. It was agreed that the Friends of Arlington's Great Meadows will continue to seek permanent protection for AGM before we arrange for others to carry out stewardship.

Ten-Year Report: **Sandra** will contact Antioch New England to see if a student could make a map of AGM for use in the ten-year report and by users of AGM.

Events for Winter: **Sandra** will set up a tracking event.

**Mike** will send a PDF of the Lexington kiosk design. Kiosks in other Lexington conservation lands all have protected areas for notices, that is, at least part of the bulletin board area (50% to 67%) is covered by some sort of glass-like material to prevent tampering with the notices. One-eighth inch plexiglass works well. A good model is Willard's Woods on North Street, but it is two-sided, which would not work for our locations. At the next meeting, we will see Mike's design and discuss it.

Respectfully submitted,

Don Miller     DRAFT
